

Integrated Math 1: Quick Reference

*Read this first
the syllabus
has the rest.
this is the
part you act
on.*

INSTRUCTOR Steven Huff	CONTACT shuff@chicousd.org	PERIOD 6 (even rotation days)
----------------------------------	--------------------------------------	---

01 Contact

- **Email:** shuff@chicousd.org, I reply within **48 hours**
- **No reply by then:** send a follow-up
- **Current grade:** MyOpenMath, more current than Aeries
check here first
- **Official grade:** Aeries, reported by semester

02 Your grade

	75%	15%	10%
■ Individual Assessments	75%		
■ Daily Homework/Classwork		15%	
■ Group Assessments			10%

Scale: A 90+ · B 80+ · C 70+ · D 60+

03 Turning work in late

- **Late passes:** **10 per semester**, one extra day each
- Use a pass the day you miss the due date, they do not stack
- Passes work on daily classwork and homework only, never on tests
- **Working ahead:** finish more than twenty-four hours early and MyOpenMath adds **2%** automatically

04 When you are absent

- **Excused:** the same number of days you were out, counted from the day you return
- **Unexcused:** no extension, the work is still due on its original date
- **Planned ahead:** arrange it before you leave, or a missed test stays missed

05 Tests

- **No retakes** on Group Tests or Individual Tests, and no corrections
- **Practice Tests:** redo as many times as you want, they are homework
- Cannot do the Practice Test without help? You are not ready

06 In the room

- **Phones:** collected at the start of every period, returned at the end
- Earbuds, smart watches and smart glasses go with them
- **Bring:** charged Chromebook, notebook with lined and graph paper
- **AI:** unauthorized use is cheating, edited or not

07 For parents

- Nothing to buy, the book is free at oerbookshelf.app and downloads for offline use
- Two semester grades, December and June, both on the transcript, neither replaces the other
- Graded work lives in MyOpenMath, which needs internet, so download ahead if you will be offline
- **Check grades:** MyOpenMath, for anything missing, late or open
