

Chemistry 51: Quick Reference

*Read this first
the syllabus has the rest.
this is the part you act on.*

INSTRUCTOR

Devin McBain

CONTACT

mcbainde@butte.edu

CLASS

Mon & Weds
8am-12:20pm, SCI 212

01 Contact

- **Email:** mcbainde@butte.edu or the Canvas inbox, not the campus phone
- Replies in 24 hours weekdays, 48 hours weekends
- **Office hours:** Tuesdays 12:30-3:50pm, Wednesdays 12:30-1:15pm, SCI 228
- **Free tutoring:** butte.edu/cas, drop in, no appointment

02 Bring every day

- Scientific calculator, white lab coat, indirectly vented goggles
- Mastering Chemistry access code, textbook (McMurry, 8th edition)
- No food, drink, or gum in SCI 212, ever

03 Your grade

	30%	30%	15%	15%	10%
Labs and recitation activities					30%
Major quizzes					30%
Homework					15%
Final exam					15%
Participation					10%

Scale: A 90.0+ · B 80.0+ · C 70.0+ · D 60.0+

*Lab and lecture graded separately:
70.0% needed in each.*

04 Turning work in late

- **Homework:** 5% off per calendar day, up to 50% off
- **Labs and activities:** never late, due before you leave
- **Quizzes:** anything handed in after time is called earns a zero
- Dropped: **2 labs or activities, 4 participation or pop quizzes, 1 homework, 1 quiz**

05 When you are absent

- No make-up labs exist. Email early, one may be possible
- **Missed a major quiz:** email within 24 hours to make it up at office hours
- Pop quizzes cannot be made up
- Over 5 minutes late to lab means no experiment that day

06 Hard rules

- Any of these fails the course:
*missing 4 labs or activities,
skipping the final, two weeks of
little to no participation*
- **No AI** on work worth points. That is academic dishonesty

07 Quizzes and the final

- A closed-note quiz starts lecture weekly
- Pre-lab quiz in the first 5-10 minutes, one 3x5 card of notes allowed
- Homework due on Mastering Chemistry, Sundays at 11:59:00pm
- The final is cumulative and closed note. No phones, earphones, or watches

08 For families

- **Grades:** Canvas shows raw points. Weights and drops land by finals week
- **DSPS:** email accommodations one week before the first quiz
- Expect about 9 hours a week of work outside class
